11th October 2014

The amazing Blood Moon this week sees yet another massive shift in consciousness on our planet and as light workers you will all be affected and effected by this. Our clients needs will be more evident and our own work will have to be capable of satisfying these demands. As carers we often neglect our own needs and it is important at this time especially to take of yourselves too!

We have now introduced true **Ravensara (Ravensara aromatica)** not to be confused (though it is confusing) with **Ravintsara (Cinnamomum camphora)** which was formally known as Ravensara! If you are used to buying Ravinsara, please ensure that you know exactly which plant material you are looking for. If in doubt please ask and we will do our best to help.

Carriage is becoming an increasing difficulty for us, as a number of couriers will no longer carry liquids. We do however strive to still provide an efficient next day service, but are always open to suggestions?

More info on our ranges can be found at www.shechina.co.uk

Wishing you Blessings of Light, Joy & Peace
